Private Harold Weisberg
Co. B. 1229 R. C.
Fort Dix, New Jersey

Dear Weisberg:

I should like very much to give you more encouraging news, but it is the policy of the War Department that only officers be assigned to the Bureau of Public Relations.

In view of this fact, there isn't much more I can do. However, I am sending your letter to the proper officials and your name shall be noted on our records for future reference in the event that something turns up which will enable you to put your past experience to use.

Sincerely,

Francis P. Frazier
